PROFESSIONAL SUMMARY

Results-driven software engineer with experience building scalable web and mobile applications. Strong in full-stack development (Node.js, React, React Native). Proven track record of delivering functional applications, improving system efficiency, and developing reliable digital products for real-world use.

CORE SKILLS

Full-Stack Development • Mobile App Development • REST API Development • Database Design • System Optimization • Git Version Control

Technologies:
Node.js, Express.js, React, Next.js, React Native, PHP, MongoDB, SQL

PROFESSIONAL EXPERIENCE

Freelance Software Developer
Sept 2025 - Present

- Developed web and mobile applications for clients based on their business requirements.
- Built and maintained full-stack applications using React, Node.js, MongoDB, MySQL, and PHP.
- Integrated payment systems, messaging services, and other third-party APIs into client projects.
- Collaborated with clients to understand requirements, implement features, and deliver completed solutions.

Software Developer
EduMESS, Nigeria
Jun 2021 - Jul 2025

- Built a school management system for handling students, payments, and school operations.
- Developed and maintained backend APIs for multi-user access and data updates.
- Improved system performance by reducing delays and making processes faster.
- Worked on improving the platform's usability for easier navigation and user experience.

Software Developer
Chov, Nigeria
Jan 2024 - May 2025

- Contributed to building a **developer collaboration platform**
- Developed key features that improved platform usability and engagement
- Worked across frontend and backend to ensure smooth system performance
- Enhanced UI components, leading to better user interaction and experience

Hackathon Experience

- Participated in the GSMA Africa Ignite Hackathon and built a functional prototype in a short period of time.
- Worked with other developers on the design and development of a solution to a real-world problem.
- Utilized full-stack development skills (React, Node.js, APIs) in a time-sensitive environment.

EDUCATION

Software Development
African Digital Academy
Oct 2021 - May 2022

STRENGTHS

- Strong analytical and problem-solving skills
- Experience delivering production-ready applications
- Ability to work independently and in remote teams
- Focus on clean, scalable, and maintainable code
- Strong attention to user experience
